

ARTICULATION AGREEMENT

Between

BOROUGH MANHATTAN COMMUNITY COLLEGE/CUNY

New York, New York

And

THE URBAN ASSEMBLY NEW YORK HARBOR SCHOOL

Governors Island, New York

This articulation agreement defines the mutually agreed upon terms through which students who have graduated from the Marine Biology Program (MBRP) in Geographic Information Systems path at The Urban Assembly New York Harbor School (NYHS) can earn advanced standing credits in the Geographic Information Science (GISc) program at Borough Manhattan Community College (BMCC) of the City University of New York.

- After admission to BMCC and matriculation in the above listed degree program, NYHS graduates who have successfully completed the three-year NYHS MBRP of Study will be eligible to receive three credits for GIS 101-Digital Earth if the students pass GIS 101 challenge exam with grade of 75% and above.

This agreement shall be in effect upon signing by both parties and revised by mutual agreement of both parties. BMCC reserves the right to annual review of this agreement for modification or additions.

The term of this agreement shall commence as of March 1st, 2020 and shall remain in effect until April 30th, 2023.

Agreement accepted below by respective representatives of each institution.
