

## History A.A.

The History program provides students with the knowledge and tools vital for thriving in an increasingly competitive global world. History is an ongoing engagement with individuals across a range of cultures, traditions and ways of seeing. In addition, the study of history reveals to students that the questions and concerns of the past are often strikingly similar to those with which we wrestle today. Upon successful completion of the program requirements, students earn an Associate in Arts (A.A.) degree. The program also facilitates transfer to a senior college, such as John Jay College of Criminal Justice, with 60 credits towards the Bachelor of Arts (B.A.) degree in Global History.
