

Note to our Students

You are resilient, brilliant, strong, resourceful, and powerful, yet you may also be hurting by the recent attacks against countless Black people at the hands of racism, systems of institutional oppression, and an abuse of power.

The BMCC Counseling Center stands in solidarity with all students fighting for social justice and equality. We condemn the killings of George Floyd, Ahmaud Arbery, Breonna Taylor, Rayshard Brooks, and the countless others who were subject to police brutality.

We acknowledge that racism is ingrained in the history of this country and in the daily lives of our students. Wherever you find yourself during these turbulent times, please know we stand with you in solidarity and we are here to support you.
