

## CUNYfirst ePermit Application Steps

**Background** BMCC students who wish to take a course at another CUNY school can fill out the ePermit application in CUNYFirst. The request will be reviewed by the BMCC ePermit team, and within 2-3 business days students will receive a decision on their request both at their BMCC email address at the ePermit page in CUNYFirst. If approved, the Host College (where you want to take the course), will set up an enrollment appointment (This can take up to a week). The approval of an ePermit does not guarantee you a seat in a course/section. **Procedure Please follow the steps in the table below to complete the task.**

| Step | Action  |
|------|---|
|      | Sign into <b>CUNYfirst</b> ( <a href="https://home.cunyfirst.cuny.edu">https://home.cunyfirst.cuny.edu</a> ) with your CUNYfirst Username and Password.   |
| 1    | <p>Select <b>Student Center</b> → <b>Academics Records</b> → <b>ePermit</b></p>  <p>The screenshot shows the CUNYfirst Student Center interface. On the left, there are several tiles: 'Profile' (with a person icon and ID 24220995), 'Tasks and Holds' (with a warning icon and '1 To Dos'), 'Course Planning and Enrollment' (with a calendar icon, a graduation cap, and a green star), 'DegreeWorks and FACTS' (with a document icon), 'CUNY Direct Deposit' (with a laptop and dollar sign icon), and 'Graduation and Transcript' (with a document icon). On the right, there is a navigation menu with options: 'View My Classes/Schedule', 'Enrollment Appointments', 'Class Search and Enroll', 'Browse Course Catalog', 'ePermit' (highlighted with a green border), 'Add ePermit with Equiv Courses', 'Add ePermit', and 'My ePermits'.</p> |

2

On the next screen you will have to select the type of permit you wish to create (A) and which semester you want to take the class (B) before selecting Continue (C). You must be able to enroll into that semester at BMCC in order to request an epermit for that same semester.

- If you want to see what courses at other CUNY schools are equivalent to a particular course at BMCC (ie. Everything that will transfer back as BMCC's ENG201) select **"Add ePermit with Equivalent Courses"**.

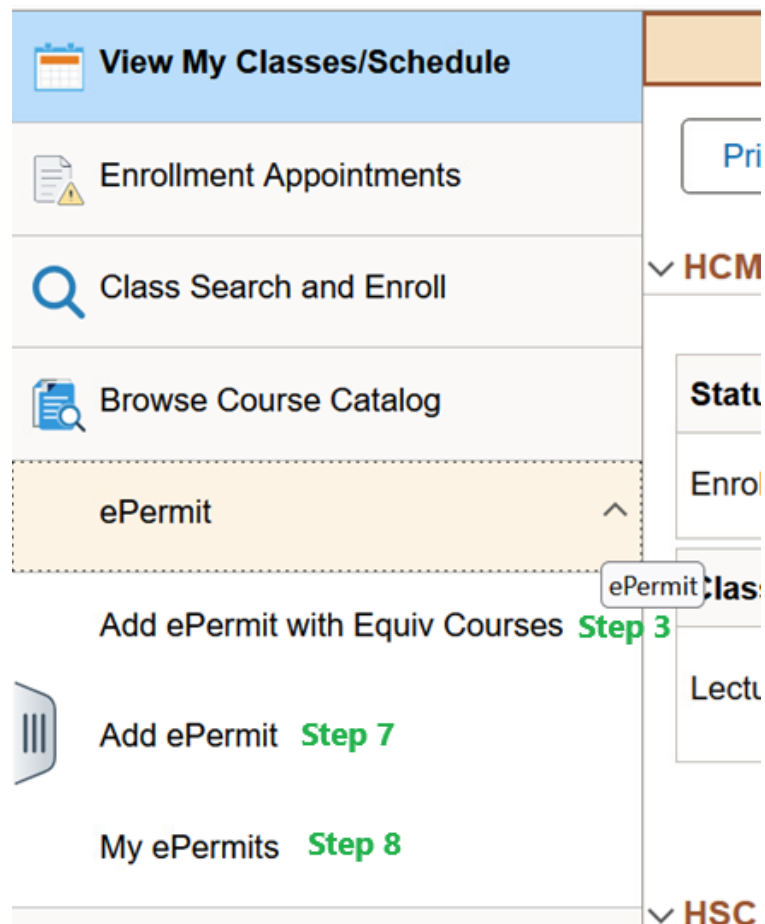

(See Step 3)

- If you want to request an ePermit for a specific course at a specific college and aren't sure how it transfers back to BMCC, select **"Add ePermit"**.

(See Step 7)

- If you already submitted a request for an epermit and want to either check on the status or cancel it, select **"Search ePermit"**

(See Step 8)

3

If you select “Add ePermit with Equivalent Courses” you will be brought to the BMCC course catalog where you must select the college first, then search by the subject and course you are looking to complete at another CUNY school.

**Select a Value**

6

On the ePermit form screen, you must choose where you believe the Host College course will fulfill a degree requirement by selecting the permit type (general elective, major elective, Pathways, etc.), and you can delete any courses/colleges to the form by clicking the minus sign at the end of the row. Additional comments for the approver can also be added in the Comments box at the bottom of the form.

Once the form is complete you must click “submit” at the top. Once your ePermit has been submitted to the BMCC Registrar for review, please allow 2-3 business days for a response.

If you selected “Add ePermit” because you did not want to search for equivalencies to a BMCC course but instead want to apply for a specific course at another CUNY school, you will be brought to an ePermit screen without any courses entered. Enter the Host College and course information into the form. The home college (Where you are currently attending as a degree-seeking student) and semester should automatically be selected, but if you need to change to a different college, you can toggle the Y/N at the top.

Select the Permit Type to begin, and then under **Select Host Information** work from left to right filling in the information for the class you want to take at the Host College. If you are unsure what to put, click on the drop down for each option and you will be given a list to choose from.

**Optional:** You can include the Home College equivalent course (if you know it) and/or a comment to the ePermit team at BMCC, but this is not required to apply for the permit.

**When you are done, click Submit to submit the request to the ePermit team for review**
