

## **Academic Senate Admissions Committee 12/07/2016**

Meeting Convened at 2:10 pm

Committee Members Present: Marcelle Edinboro, Robin Isserles, Barbara Lawrence, Brianne Waychoff

### **Major Discussion: How to address Faculty Outreach as it come up in our last meetings with VP of Admissions.**

Videos were made last year so faculty wouldn't have the hardship of going to campuses.

Faculty signed up to do on-campus outreach with prospectives students. We gave the list with contact information (mostly junior faculty for service) to admissions Eugenio deBarrios, but haven't heard about where that went.

We would like to propose to continue the video project.

Manny Romero told us the videos would be on the main page, with the videos rotating. We haven't seen the videos on the main page like we were told. A lot of work was put into this project, but they are not being used so what are we going to do with it. - Marcelle will follow up.

Need to speak with admissions directly so they can use the videos in their recruitment of students.

We can recruit faculty to assist in developing college tours that are program-specific. We are willing to have some of our spring meetings dedicated to this.

Ask Joel to take the LGBT issue to the EC for guidance re: how and where to bring this up?

Meeting adjourned at 3:15 pm.

Respectfully submitted by Brianne Waychoff
