Members Absent: Sharon Brickman (Maternity Leave)

At this meeting we

- Reviewed the responsibilities of the committee by looking at the end of year report from the previous year, and discovered we are in charge of
 - Faculty Development Day (Nov 30, 2016, 11am-2pm)
 - The Joe Doctor Colloquium (April 26, 11am-2pm)
 - The Distinguished Teaching Award and
 - The Faculty Development Grant
- Voted on positions (the results of which appear above in the “Members Present”)
- Discussed Faculty Development Day
 - We debated topics
 - We decided on a format of 15-20 minute presentations from BMCC faculty
 - George Stevenson will make a call for papers that would ask for New Pedagogical Approaches. These responses will be due Sept 30. We will tighten the overall focus based on responses.
 - George Stevenson said he would look into how the presentations would be “counted” on a BMCC CV – college service or academic presentation or something else.
- Decided the Joe Doctor Colloquium would be called “Two and Through vs. Four or More” and would focus on a discussion of how to best serve both students who plan to terminate their education with an Associate’s Degree as well as those who plan to go on.
