The committee discussed C-FLEK (Credit For Life Experience Knowledge). The Knowledge component is essential. The committee reviewed the IC presentation to the Academic Senate of the Resolution to Institute Credit-For Life Experience Knowledge.

We discussed verifying the existence of a mechanism whereby the Registrar distinguishes between transfer credit and Credit For Life Experience Knowledge on student's transcripts.

Discussed various priorities for the IC for spring 2012 semester, including submission of C-FLEK resolution, Technology Survey presentation, and classroom space planning needs.

(Note: VES will check average student age---fact book?)

(Note: LR will check Registrar's Office's recording of C-FLEK)
