Michael George (Mathematics) has replaced Felix Apfaltrar on the Instruction Committee.

The committee discussed aspects of the most recent AS meeting and opposition to C-FLEK as it was presented. The committee will reach out to Registrar Wist, and/or Admissions Director Barrios and/or Dean Wong to present ideas at an upcoming AS meeting.

The committee revised the previously voted-down Resolution to Institute Credit for Life Experience Knowledge.

The committee plans to resubmit the Resolution to Institute Credit for Life Experience with revisions designed to increase senate approval of C-FLEK and its adoption at BMCC.

The IC did not fully address the agenda item for space retrofitting. However, the committee did briefly discuss the

matter of possible future representation on VP Anderson's planned 199 Chambers planning committee.

Cynthia Wiseman presented data extracted from the committee's technology survey. The committee discussed plans to prepare a report on its technology survey findings in advance of the next IC meeting. The committee chair called for the revision of the previously-worded AS resolution resulting from the technology survey and indicated that that draft resolution be brought to the committee in advance of its April meeting.

The committee briefly discussed some instructional implications of current enrollment.
