Congrats to all of you. May you make this world a better place in the future.

Good on you. All of you. It takes character to persevere through the sort of resistance you overcame this semester. That character will serve you well as you take your next steps. I couldn't be prouder of you all.

Alexander D. Carney

We are very proud of you. We cannot wait to see the amazing things you will do in the future. All the best!

Cheyenne Bascoe

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Professor Nair

Let us consider one another so as to incite to Love and fine works as we move on to where ever life leads us.

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to the class of 2020. You have overcome challenges to achieve your academic goals. All should be recognized for their dedication and strength in moving forward to achieve. Best wishes always,

Professor Francisca Campos

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Congratulations Jarleen! I am beyond happy & proud of you for accomplishing this milestone in your life. Continue to be amazing! Remember that You are the star, writer/director, of this story that is called life, & that's a gift. I will leave you with one quote that one of my teachers gave me, (at that point he was old so I asked him for the secret of happiness) & that's: "Do what brings you the most satisfaction while bringing those around you up," So there you go, I'd write more- but we'll leave it for another time. You are very much loved & will always be! Uncle Bryan

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tools that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

This is the beginning of the next step in your life. Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. This is the beginning of the next step in your life.
