You have taught me a lot about you watching you through all of this process, your determination and how you would study for hours and hours on end, you inspire me baby. Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Congratulations! Class of 2020.. I,Äôm super proud of you because I know you worked hard throughout these years and you overcame your own obstacles. I,Äôm happy we both chose to go to BMCC and some how ended up in the same class. It was a lot of fun and I miss those days our first semester. It was nice having something to fall back on, be confused with, hang out after and between class and help keep each other on track. Super sad things have to be like this, I would of love to seen this in person.. but let,Äôs make the best out of it! Love you Andrea! -Karen

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

I know that you have many struggles, and I really admire your courage to keep moving ahead. You are a smart and capable young woman. My advice to you (if I may) is to feel free to ask for help. You are such an independent individual which is admirable, but there are people who would be happy to help you and make life a little easier. Reach out. If you go on to a senior college, please connect with Accessibility. Connect with campus services to make your life a little easier, you are worthy of help!! You deserve happiness, Now go out there and get it!!

This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Professor Francisca Campos

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

I suck with words with that said I never had any doubt that you would come to this point ... as hard as you worked on those papers late at night the tears and sweat from how stressed you were would show ... i always looked at that as commencement... cause no matter how many time you may have wanted to get you never brought yourself to do it ... instead you did what everybody else said you wouldn't... you pushed forward and proved everyone wrong a silent slap in the face as I like to call it ... this is your day no one can take it away from you no one deserves it more then you ... i love you and am so proud of you again I suck with words but this was worth it. congratulations baby I love you

Hey Chino, I am so proud of you! You have always been a great influence in my life! Thank you for always teaching me right from wrong. I still remember vividly my first day in a college class room. You have and will always be my greatest role model. I know quarantine has messed up the celebration part, but you are only going up from here. This is going to open up so many opportunities for you. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

You've overcome so much to get here and I couldn't be more happy and proud of you! Life and pandemic circumstances have tested you, but you've been able to come out the other side swinging! Your perseverance and persistence to not give up despite everything is a quality I will always respect and admire! Unlike most, you were able to pick yourself up and finish the race. You may have been slower and a little far behind, but that didn't matter. Slow and steady always wins the race, and you proved it undoubtedly. I am so excited to be here to celebrate and will continue to be in all of your future successes as well! Congrats to you and the graduating class of 2020! With Love, forever and always! This is the beginning of the next step in your life. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.
