Congratulations
Lt. Rivera

Congrats to all of you. May you make this world a better place in the future.
Thea Goodman

Good on you. All of you. It takes character to persevere through the sort of resistance you overcame this semester. That character will serve you well as you take your next steps. I couldn't be prouder of you all.
Alexander D. Carney

We are very proud of you. We cannot wait to see the amazing things you will do in the future. All the best!
Cheyenne Bascoe

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.
Professor Nair

Let us consider one another so as to incite to Love and fine works as we move on to where ever life leads us.

I just want to wish all of the graduates a warm congratulations. What you have done here is extraordinary, especially during the spring 2020 semester. I know it was difficult and things may seem tough, but keep faith. The change you want to see is in you. You've got a space in this world to make this world great! Go out there and do it. I wish you all many successes.
Dr. Sheldon Applewhite

Professor Francisca Campos

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. Congratulations Tiffany! I am very happy to know that you've successfully completed your studies at BMCC. You are now a college graduate of New York City, and you've made all of your family very proud. This is the genesis of your many continued successes, be sure to use this momentum to carry you forward. You've excelled not just in an academic setting but so too with your level of discipline and drive to improve. Life does not get easy as we get older, but as we continue learning we find the solutions to obstacles that once seemed impossible. Never stops learning, think BIG & dream bigger. Hard work and a disciplined mind can take you anywhere your heart desires. You make me very proud to be your brother. Love always, Rodney

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Life has taken a twist for all of us. During these days of the Pandemic but "YOU DID IT" despite the barriers and challenges you faced. In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

As I see your name listed in the graduation ceremony pamphlet, I cannot help but think of this tiny little girl who came into my life almost 20 years ago. A little girl who needed me. I thank you for the chance to watch you grow. From diaper changes, to first laughs, first words, first steps, first friends, first fights, first losses, and first broken heart. Vacations, weekend trips, camping, rafting, practical jokes, a promise to always be there, and endless laughs and hugs. I remember and cherish every moment. I truly love you with all my heart and always, â€œI hope you danceâ€ . And now, you move on. With my ever-growing pride, respect, and admiration at all you have accomplished, and all I know you will accomplish. You now pass me, achieving something I never did. I miss that little girl, but she is always with me. She stands besides me, her little hand in mine, as now I need her. With great pride and joy, we watch you move forward into a future uniquely yours.

Dear Chloe, I still remember crawling under the cafeteria tables in Pre-K like it was yesterday, and now you're graduating from college. You worked so hard these last 2 years both in and out of school, and truly found a calling. You thrived at BMCC and I can only imagine all the success you're going to have at Queens College (!!!), plus you get to go to college with the shady-legend Theo. We're going to have to have a proper celebration once quarantine ends, but in the meantime I hope you know how proud I am of you. My sister graduated from college. Love always, Mary

Mary

Chloe, Congratulations on graduating with your associates degree! What an amazing accomplishment! I can't believe that it's already been two years since you've graduated from MHS. Thank you for making such a strong impact in Art Club. Having students like you helped make events like "Paint Night" even possible. You were one of the students whom I felt a strong connection to and I always enjoyed your company. I will always remember you with fondness. In my opinion, your graduating class hands down has some of the best students I've ever taught. I am so proud of all that you have accomplished and I can't wait to see what else you will achieve. Even if you aren't pursuing art in college, please use your artistic talents to help you get through tough times in life. Using that creative part of your brain is so important, especially during these challenging times. Please keep in touch with me and lets meet for coffee or lunch when this pandemic is over! Miss you!
