In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.

Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

It is the biggest accomplishment for my daughter Clarissa Rivera to graduate from Bought Manhattan of College college. It's special for me to witness her achieve her goals. I went to BMCC in the 70's and I didn't graduate but I couldn't be more happier that she attended BMCC and completed her studies which I wasn't able to at the time. I am so proud of her determination regardless of all the obstacles she faced. Her sleepless nights typing up her best work to achieve her goals had paid off. Clarissa is planning to continue her education and I as a proud parent will encourage her to continue because education is the knowledge and wisdom that nobody could take away from you. May God bless you with any accomplishment to enrich your life with knowledge.

Juan Rivera

Ms Clari! First and foremost CONGRATULATIONS on achieving a mile stone that will be unforgettable and worth it. I am sooooo proud of you dear! Your determination and enthusiasm is immensely inspiring. Your desire to learn, to grow and to teach are like no other person I know. May God continue to bless you to achieve and crush any other goal that you set your mind to. I know you will and you will shine like the diamond you are!!! CONGRATULATIONS once again! I am honored to have met you and will continue to cherish you.

I just want to let you know how super proud I am of you. I was there from 2014 when you began this journey, it was not an easy one, but you stuck with it and pushed through. I witness all the tears, late and sleepless night, you showed your strength and grit. That energy and focus you displayed in completing this journey was contagious and you basically taught me how to approach objectives in life. Congratulations on completing this first step of the journey, now on to the next step of completing your career, let's go get it with the same focus and energy and knock it out of the park. I love you and your number 1 supporter is right here to go on this journey again with you to give you what ever you need in completing your goals. Congratulations to each and every graduate in the Class of 2020 especially the ASAP students who never cease to amaze me with their ability to finish what they have started. This is the beginning of the next step in your life. The next hurdle I can promise you, will be more challenging than this one so be prepared to pull out everything in your tool kit, especially the master tolls that you acquired while in the ASAP Program. (Set a goal, Create a plan, and Execute it) Success will be yours as long as you are willing to be uncomfortable even when you don't feel like it. I am proud of you all YOU DID IT!

Hugo, Congratulations! This is an amazing accomplishment for not only you, but your family as well. This was a trying time for everyone, but you were strong and persevered. You are so smart, and so special. You will do amazing things within your life, and I'm excited to be there with you to see what they are as you grow as an individual. The fun times you had on campus will always be a happy reflection of your time at BMCC, and though your graduation wasn't in person, the reality of it is, it doesn't matter. While a formal graduation with all the bells and whistles is a nice thing to experience, you have your family by your side, and that is more special than any graduation ceremony you could ever attend. Never forget that YOU put in the effort and YOU made the sacrifices to make this a reality, you should be so proud of yourself, you did what many could not do. You are, SMART, BRIGHT, CHARISMATIC and DETERMINED. All of these characteristics make up the amazing and wonderful person that is you, Hugo. I am so very proud of you for this very important accomplishment in your life. I love you. Love your boyfriend, Walter

In life you will always face those and you know what: "It is just a Blip on the Road" because you are Headstrong and determined to succeed no matter the Odds. So at this time, as you climb up that ladder and go the next step, I wish you all the best and may whatever goals you choose going forward that you accomplish those. It was my pleasure to have you as a student. Keep in mind always "That Degree you have on your belt, is the single thing in life that no one can take away from you." Good luck and make us proud.
